About YorkCan

YorkCan, one of the largest and most impactful student-led organizations within the York Region District School Board, is dedicated to empowering students across the GTA. As a youth-driven non-profit, we provide resources and support to help students explore their passions, particularly in the vital fields of science, technology, engineering, and mathematics (STEM).

At YorkCan, we understand that not all students have equal access to opportunities that can ignite their interests and help them gain recognition in STEM. We are committed to addressing this issue by fostering an inclusive environment where young leaders can thrive.

Mission

At YorkCan, our mission is to empower youth by creating opportunities for qualification and personal growth. We are dedicated to developing passions in STEM fields and providing recognition for those who may lack access due to their circumstances. Committed to diversity and inclusivity, we aim to inspire and equip the next generation of changemakers for a brighter, equitable future.
